

Work Room Team

- September to June
- About 1 hour a week
- One day week, check the work room bin for projects that need to be done, like:
- Copying
- Mounting art work
- Die cuts
- Gluing things
- And other workroom type things

- The workroom team should have one person assigned to each week day
- Hours are flexible
- If working in the classroom isn't your thing, but want to be around the school, this is a great way to do it!
- You will be trained, so don't be afraid of the copier!
